Dear Colleagues,

It is a great pleasure to share together our Journal of Orthopedics Research and Rehabilitation (JORR), whose fourth issue was published this year. Our journal issues are healthy, both the interest in the journal and the indexing number of the journal are increasing. We hope that we will continue to do so with the same determination.

We would like to thank all our referees who agreed to be referees and evaluated the articles in our fourth issue. I would also like to thank the Editors and Editorial Board who contributed to the publication process of our journal.
